WHO WE ARE

LapCabby was founded by Monarch Education Furniture in the early 2000s, after spotting a gap in the technology market.

20 years later and LapCabby is a globally renowned company supplying top-quality charging storage solutions to the education sector, healthcare sector and many other industries from Government organisations to retail outlets, in over 50 countries worldwide.

As one of the original manufacturers of technology charging solutions, LapCabby has changed the way professional environments ensure their devices are fully charged and ready to integrate into their daily work.

LapCabby intricately designed units are manufactured to the highest degree enabling it to offer a popular lifetime guarantee with every product sold.

WHY CHOOSE US?

Crafted with care

Every component used to build our products is designed and manufactured in house. We take control of the entire process to ensure only premium quality across our entire range.

Lifetime Warranty

We're so confident in what we do, that we offer a lifetime warranty and five-year electrical cover on every single product. You won't find this kind of cover anywhere else.

Safety Assured

Our units are put through extraneous third-party safety testing to ensure optimal mechanical strength, electrical reliability, heat/fire safety and are topple tested for stability.

Designs that work

Sliding shelves, retractable doors and wide access make it easier to get to your devices. Our specially designed cable management means you don't get any dangerous cable spaghetti. Rounded corners and shock absorbing bumpers keep walls and your teams safe. You name it, we've got it!

Here to help

We pride ourselves on delivering exceptional customer service and support. Our expert team are always on hand to ensure we can assist you whenever you might need us, with whatever it may be!

Intelligent charge

Our unique Power7 management and intelligent charging capabilities mean that you'll use power only when you need to so devices will never be overcharged.

Custom made projects to meet your needs with bespoke design and British manufacturing.

If you have a project or design that you would love to bring to fruition, LapCabby's dedicated design and manufacture teams can help make it a reality.

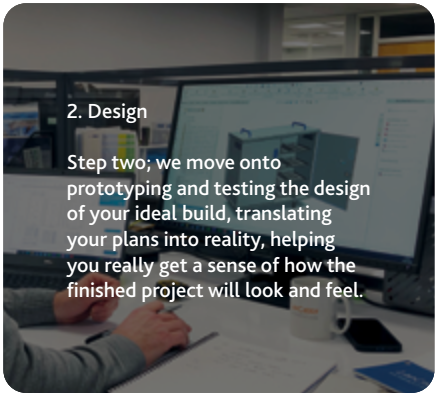

Our talented workforce can work along side yours to ensure your organisation gets exactly what they want.

With over 30 years of experience, a dedicated design, production and logistics team and lifetime warranty with every LapCabby product, you'll have complete peace of mind while you let us handle every aspect of your project.

1. Brief

Step one in launching your custom project is an in-depth consultation with the LapCabby Team. We explore your plans in detail, discuss timings and budget, and create a research & development brief.

2. Design

Step two; we move onto prototyping and testing the design of your ideal build, translating your plans into reality, helping you really get a sense of how the finished project will look and feel.

3. Build

Step three; full assembly can commence, building your desired number of units to the exacting specifics agreed. To maintain the level of detail and quality that we're known for, we manufacture as much of the units as possible at our dedicated factory in Nottingham.

4. Deliver

Final step; every single one of our products is delivered fully assembled, so all you need to do is lift off the packaging and plug it in – then you're ready to go!

For over 30 years we've been carving out a unique spot in the education furniture industry, with warm customer service and fantastic lead times that you won't find anywhere else. In our 96,000 square foot purpose-built factory in Nottingham, we manufacture a wide range of stock units and undertake bespoke projects to meet the complex needs of the education, healthcare, and public sector markets.

Our customers are always at the heart of our business and our dedication and commitment to service and support is the reason we are recognised as a leader in our field.

The Monarch Tray™ range

Our fantastic range of trays have been truly designed for the 21st century!

Create inspiring learning environments with our trays - available in four different sizes and 23 vibrant colours. You can be sure that we have something to suit your requirements.

Manufactured in the UK from 100% polypropylene, our trays are virtually indestructible, shatterproof and will stand up to the rigours of daily use in any learning environment.

The Monarch Tray™ range will fit all standard school furniture so upgrading to our trays will be as easy as 123.

Our trays are manufactured to last but at end of life they can easily be recycled.

Helping the community

LapCabby and Monarch Education are honoured to support and collaborate with Operation Orphan and Forget-Me-Notts, contributing to their growth and raising awareness of the invaluable work they do.

Operation Orphan exist to keep orphans and vulnerable children around the world – safe, warm, healthy and learning.

Forget-Me-Notts specifically concentrate on tackling bed poverty in the East Midlands area, providing beds and bedding to ensure children can remain in their family setting, get a good night's sleep and be ready for school the next day.

Our partnership extends beyond financial assistance, encompassing logistical support such as the provision of additional beds, as well as enabling our staff to volunteer their time during work hours.

We are committed to helping in every possible way to ensure these organisations continue with their vital mission of supporting vulnerable children.

If you would like to know more information about **Operation Orphan** and **Forget-Me-Notts**, scan QR code.
